

OeLC Adult Education eLearning Options

OeLC School Boards are offering, via the OeLC, eLearning courses for Over-18 Students that:

- are NOT available to them in their local Board (via Regular Day School, Adult Day School or Night School, or Continuing Education).
- OR
- are available, BUT circumstances prohibit their participation.

The Ontario eLearning Consortium, or OeLC, is a consortium of 21 Ontario School Boards that open their eLearning course options to all students in their member Boards, free of cost. Many OeLC Boards offer eLearning course options to adults and, of these, some accept adults into their courses from outside of their boundaries. Best of all, there is no course fee.

Enrollment

Potential Over-18 Students... To register:

- you must be enrolled in a school with a School Board that is a member of the OeLC. A list of Member Boards can be found at <http://www.oelc.ca/member-boards>.
