OeLC Summer School Registration Membership Option

Each year the OeLC and its Member boards support tens of thousands of Ontario students enrolled in over 1500 sections of 149 different Summer School eLearning courses offered by OeLC member Boards.

To provide opportunity for students from publicly-funded non-OeLC member schools and Boards to enroll in Summer School eLearning courses offered by OeLC Boards, the following membership option is available: **OeLC Summer School Registration Membership**

Publicly-funded Schools or Boards with this membership will:

- Be set up in the OeLC's registration, communication, tracking, and reporting system, known as PRISM.
- * Be provided with one Guidance Counsellor PRISM account per school to be used for enrolling students in OeLC Summer School eLearning courses offerings
- Be provided with online training on the use of PRISM
- Receive support from the OeLC Team prior to and during Summer School, as required

*Once a student is enrolled in an OeLC Summer School eLearning course, the Guidance Counsellor, student, and parent(s) are automatically included in all correspondence related to registration, progress, and completion. At the end the course, the student's report card is mailed to both the student's home school, in care of their Counsellor, as well as to the student's home.

The Ontario eLearning Consortium, or OeLC, is a collective of publicly-funded Ontario School Boards with roots going all the way back to 2005. Today, OeLC membership has grown to include 55 school boards, both small and large, public and separate, urban and rural, and from all across the Province. Programs supported in these Boards by the OeLC include regular eLearning, remote *learn at home* programming, alternative education, adult education, and summer school.
